1. [] Dr. Scoville, AD/SI, telephoned asking if we would seek a firm date for the Joint Committee on Atomic Energy briefing. Also Scoville mentioned a briefing of Mr. McCone and other Commissioners utilizing some PIC material in which the question was raised whether it would be desirable to give a similar briefing to the Joint Committee on Atomic Energy. McCone apparently thought this was appropriate but suggested that the staff be excluded. I very strongly urged Scoville that this was inappropriate and CIA should not be a party to requesting exclusion of Committee staff personnel from briefings.

Subsequently furnished the Joint Committee on Atomic Energy staff three possible dates during the week of 27 June and inquired if they could set up a briefing on one of these dates. We will be advised further.
